4-Year-Olds & Entering Kindergartners

In this program, your son or daughter will develop the reading readiness skills and motivation that make learning to read easy, enjoyable, and successful.

Your child will learn alphabet skills and beginning phonics by using a beautifully illustrated workbook and listening to stories on the accompanying CDs.

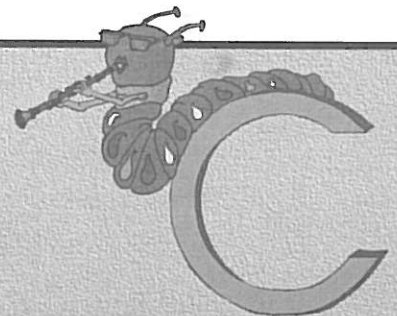

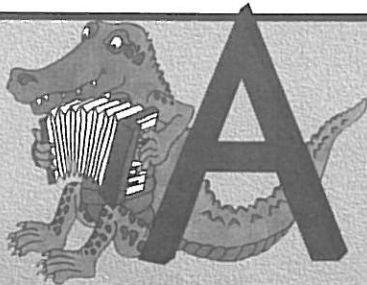

You and your child will both enjoy this program. It features great children's literature, enjoyable games, and many other engaging activities.

ALSO

Entering 1st-5th Graders

In these programs, students develop strong phonics and decoding skills, build sight vocabulary, learn to read more fluently and rapidly, and make significant gains in reading comprehension.

Learning these skills will make reading easier and will greatly increase your child's confidence in school. Our students enjoy reading more and develop the lifelong habit of reading for pleasure.
